

# EPA's Community Change Grant Program: What Tribes and Community Organizations Need to Know to Apply

This webinar aims to assist Federally recognized Tribes and community-based organizations to understand how they can optimize their efforts to access Inflation Reduction Act Community Change Grant funds for climate action and pollution reduction projects. \$300 million is earmarked under the program for eligible tribal projects.

June 27, 2024

10:00am - 12:00pm, CDT

Webinar

**Who Should Attend:** All interested individuals nationwide, including representatives of Federally recognized Tribes in the continental U.S. and community-based organizations and their legal counsel.

**Co-Sponsors:** American College of Environmental Lawyers, ACOEL Foundation, Environmental Law Institute, and Universal Access to Clean Water for Tribal Communities (Tribal Clean Water)

**Registration:** Register at the following link (or follow the QR code):
